##### Day 03: Arusha – Tarangire National Park

Today after breakfast, check-out and cruise off to Tarangire National park in time for check-in and lunch. This afternoon we embark on our first game drive in this park - herds of up to 300 elephants scratch the dry Tarangire river bed for underground streams, while migratory wildebeest, zebra, buffalo, impala, gazelle, hartebeest and eland crowd the shrinking lagoons. It's the greatest concentration of wildlife outside the Serengeti ecosystem - a smorgasbord for predators – and the one place in Tanzania where dry-country antelope such as the stately fringe-eared Oryx and peculiar long-necked gerenuk are regularly observed. The swamps, tinged green year round, are the focus for 550 bird varieties, the most breeding species in one habitat anywhere in the world. On drier ground you may find the Kori bustard, the heaviest flying bird; the stocking-thighed ostrich, the world's largest bird; and small parties of ground hornbills blustering like turkeys. Other birds include the yellow-collared lovebird, drabber rufous-tailed weaver and the ashy starling – all endemic to the dry savannah of north-central Tanzania

Dinner and overnight at **Tarangire Sopa lodge** LDBB

<http://www.sopalodges.com/tarangire-sopa-lodge/overview>

**Day 04: Tarangire National Park**

Full day game viewing at Tarangire National Park which involves Maasai bomas visit, wildlife and bird viewing.

All meals and overnight at **Tarangire Sopa lodge** LDBB

<http://www.sopalodges.com/tarangire-sopa-lodge/overview>

Dinner and overnight at **Ngorongoro Serena Lodge** LDBB

<http://www.serenahotels.com/serenangorongoro/en/default.html>

**Day 08: Ngorongoro Conservation Area**

After breakfast descend some 600 metres into the crater, which is home to an abundance of wildlife and a photogenic paradise, for a full day of game-viewing at the crater. Ngorongoro Crater, the largest intact caldera in the world teems with an abundance of wildlife permanently resident on the crater floor. Prides of lions, herds of Cape buffalo, impala, thompsons gazelles, rhino, golden & black-backed jackal, zebra, cheetah, leopard and the spotted hyena. Unmatched for its natural variety & breath-taking beauty, there are few places on earth where such a tremendous diversity of landscapes exist inside a region this size. Apart from its wildlife riches, the crater is also of great archaeological importance, with the remains of some of mankind's earliest ancestors discovered in the area, also a home to hundreds of bird species,

refreshing in the small lakes in the crater floor. Enjoy your lunch at the crater and continue with an afternoon game drive. Later in the evening ascend to the crater rims and drive back to your lodge before dusk.

Dinner and overnight at **Ngorongoro Serena Lodge** LDBB

<http://www.serenahotels.com/serenangorongoro/en/default.html>

#### **Day 09: Ngorongoro Conservation area- Visit local school- Arusha**
